not so many weddings in town. In the afternoon at Grace Church several hundred invited guests witnessed marriage of Miss Alice Bayard King, a daughter of Edward King, to Herman Le Roy Edgar, whose William Edgar, was once commodore of the New York Yacht Club. Again old New York names were prominent, among the families represented being the Rhinelanders, Stewarts, Delafields, Livingstons, Duers, Oddies, Swans, Newbolds, McVickars, Richarises, Van Rensselaers, Joneses, Lees, Witherbees and many other names which have been in the fashionable visiting lists of New-York society for generations. A wedding breakfast followed at the home of the bride's parents in University Place, they having closed their country place at Staten Island to come to town for the wedding. The bride's father is of the same family that gave to Columbia College one of its presidents, Charles King. Unfortunately for the friends of Miss Havemeyer

and Mr. Duncan, most of whom had gone on to Newport for their wedding, a regular sea turn prevailed, ith wind and pouring rain, when on Thursday morning in the drawing-room of the Havemeyer country ace the pair became man and wife, the Rev. Father Malone, of Williamsburg, officiating, the Rev. Dr. Grace, of Newport, assisting. The wedding festivities really began the night before with a family dinner party, at which were Mr. and Mrs, Theodore Havemeyer, parents of the bride, with their nine children; their sons-in-law, John Mayer and Edward C. Potter; Mrs. Charles Havemeyer, who was form Miss Camilla Moss, a bride of last fall; Mr. and Mrs. Charles Ocirichs, the latter a sister of Mrs. Havemeyer, and the young children of Mrs. Potter and Mrs. Meye course the bridegroom was there and members his family. Roston, Oct. 17 (Special).—The Saltonstall-Brooks wedding passed off quietly at noon to-day in Medford. The affair was quiet on account of a recent death in the Saltonstall fimily. Only the family members and nearest relatives were present. The contracting parties are well known-R. M. Saltonstall being the son of Leverett Saltonstall, ex-Collector of the Port, of Boston, while Miss Eleanor Brooks is the daughter of P. C. Brooks, of Arlington-st. They were united in marriage by the Rev. William Lawrence, of Cambridge, a brother of Mrs. Brooks. The wedding took place at the Brooks homestead. A quiet reception followed the ceremony. The large green surrounding the Pernal house was well taken up with drags, tandems, fallyhos and all manner of vehicles, the guests coming from all parts of West-chester County and New-York City. GEORGE WILLIAM CURTIS FOR FASSETT. HE COMES OUT SQUARELY AGAINST THE TAM-

MANY HALL TICKET. There were a good many callers at Republican headjuarters yesterday and the chief topic of conversation was the startling revelations of the colonization ing the methods which Tammany Hall is resorting to, here was general confidence as to the final success

In spite of the fact that Mr. Cleveland has taken to presiding" at Tammany Hall mass-meetings, many of his admirers and warm friends deplore the trimming course Mr. Cleveland is pursuing. This is made evi-dent in the following letter from George William Curtis. It is his reply to the invitation of the Republican Club to address one of its public meetings sent to Mr. Curtis through L. E. Chittenden, a member of the Campaign Committee of the clab: Ashfield, Mass, Oct. 8.

My Dear Sir: My reply to your letter of the October has been unaveldably delayed. I thank the Re-publican Club sincerely for the honor of its invitation to speak at one of its meetings, and you for the gree courtesy with it is conveyed, and, though I am unable to accept the invitation, I desire to express my hearty sympathy with the club in this anti-Tammany campaign No question at this election takes precedence of the restoration of Tammany Hall to political power in the State. That organization has been described by a distinguished Democrab as a conspiracy against honest government. ernment, and it is declared by other eminent Democrats to be already in absolute control of the Democratic party. The character of its management and its methods have been courageously and accurately exposed in detail, and all good citizens of the city have been summoned more than ence to unite against its malign and degrading power. This year the call is even louder and more imperative, as Tammany Hall has shown its supreme induced in the State convention of its party, and now aims at the control of the State government and of the State representation in the next National Democratic Convention. may be our party sympathies, the success of such an effort would be a common National disgrace. Let any intelli-gent and patriotic American sequent himself with the facts in regard to the leadership of Tammany Hall and imagine that leadership representing the power of New-York in a National Convention. In such a situation the paramount issue in the State at this election is truly described by Mr. Fassett as good government against Tammany Hall. There is no wise reform in the State to which Tammany is known to be friendly, and none whose prospects would not be harmed by its ascendency. Honest Democrats disown it as a piratical organization for plunder Democrats disown it as a pratical organization to parameter and without politics. But thay cannot deny that now, as always, its power is sustained by Democratic votes. The way to make opposition to it effectual at this election is for such Democrats, and for all those who agree with them, not to support its candidates, but to vote for Mr. Fassett and the candidates associated with him.

You kindly speak of me as a Lincoln Republican of other days. In those days all Union men voted for unconditional prosecution of the war. In these days all fors of Tammany must be Union men and vote unconditionally against Tammany Hall. Very bully yours,

GEORGE WILLIAM CURTIS. Among the callers at Republican Headquarters yes terday were Senator George F. Edmunds and Senator terday were Senator George F. Edmunds and Senator Hiscock. C. J. Bannister and E. E. Woodbury, of the Republican County Committee of Cattarangus County, also called. They said that Jerome Preston, of Jamestown, a warm friend of Cleveland, whose son was Vice-Consul-General at Paris under Cleveland's Administration, had come out openly against the Tammany Hall ticket. John A. Stall, a Democratic leader of the same fown, had also taken the same position.

SPECIAL INDUCEMENTS OFFERED. SOME REPUBLICANS DESERTING TO TAMMANY

HALL. The Tammany leaders seem to be offering special inducements to Republican election captains of the VIth Assembly District to desert their party and join

the enemy. On Friday one of them, William Quinn, had his tender feelings disturbed by reflections about the "loss of the World's Pair," and sent his resignation to John Simpson, Republican leader of the district. It soon appeared that Mr. Quinn's distress came primarily from his loss of a place in the Navy Yard. Those who know him best do not think that the World's Fair question greatly swayed him in making his change of political bedfellows. Yesterday Mr. Simpson received another letter from another of his election district captains, Abraham L.

Peinberg by name. Mr. Feinberg, who until recently held a subordinate place in the Postoffice, wrote that he had resigned it that he might "be free to support Flower and Sheehan, and the Tammany Hall county and local tickets," but he did not say what his reward from the Wigwam people for this support was to be The "World's Fair," however, was made to do duty again, as in the case of Mr. Quinn, and Mr. Feinberg also declared that he had discovered that the Republi-cans have been "delaying rapid transit, denying the city a fair representation in the Legislature, and attempting to force upon its people an odious high-license law, that would drive reputable and law-abiding men out of business and restrict the liberty of Archy" Rogers's Teddy second, Hunt Club's Fishhooks the individual." He carefully avoids saying whether after he received a promise of more lucrative occopation by the Vith District Tammanyites. He was employed at the New-York Postoffice about one year, and Post master Van Cott said yesterday that his departure was

william J. McKenna, Tammany leader of the Vith District, who was resterday giving out typewritten copies of Feinberg's resignation from the Vith District Republican Organization, did not deny, when asked, that Feinberg was to have a "berth" under the Tammany Hail city government.

THE GAMBLER'S CONTRIBUTIONS.

THEY HELP TO SWELL TAMMANY'S CAMPAIGN FUND-INTIMIDATION AND CORRUPTION.

Information of the most definite nature concerning the fraud, intimidation and corruption now being practised by Tammany Hall has come to light. These methods have been used for years. They have generally been successful, and Tammany has won power money and an unenviable reputation by the use of them. The same methods are used in the State canvass. It is true Croker wanted to depart from his isual custom and send out 100 speakers from Tammany Hall "to show the people of the country they did not wear horns." This project did not meet with the approval of the chairman of the Demo cratic State Committee. Mr. Murphy and Mr. Griffin either have faith in Tammany methods to carry the State or they think the deeper they sink the orators of Tammany Hall into obscurity the better it will be for their ticket. This same opinion they seem

to hold concerning Mr. Flower.

However, Tammany Hall is now desperate. The chief agency employed by it is in connection with the city government. Shopkeepers and men engaged in small business enterprises who are known to be in-imical to the rule of Tammany Hall are made aware by irritating and despicable means that their posttion is known. For instance, small stands on the idewalks are ordered to be moved in, overhanging signs are ordered to be taken down, barrels and boxes recently delivered are ordered to be taken off the sidewalk at once. Proper administration of the law is expected, but the most unfair discrimination is made in favor of members of Tammany Hall, who are permitted to let their signs overhang, and

their stands, boxes and barrels to remained undisturbed The Equor sellers are blackmalled and compelled to yield to the extortionate demands of these agents of Tammony Hall. There is only one alternative, and that is not always observed, to escape this endless

persecution, and that is, "join Tammany Hall." It is learned that even when this alternative is dopted the proselytes, with the older members of the organization, are compelled to pay large assessments. as they are termed, into the campaign fund. It de-pends entirely upon the business followed. The 9,000 liquor shops in this city yield a tribute of enormous proportions. There are sixty-four posirooms, and each of them has been compelled to contribute. It is said that the "contributions" are collected by a man who recently gained the consent of Croker that the nomina

tion for Congress should be given to him. The names of the gamblers, so far as known, who have subscribed to the Democratic campaign fund are

Peter Downey, University Place, postroom, \$5,000. Peter Bowney, University Place, positrom, \$5,000.

Peter De Lacey, Park Row, fare and pool room, \$10,000.

On the opening each proprietor will be required to pay 8200 to the Tammany cumpaign fund, and so long as they remain open will be required to pay \$200 a week.

TO SHUT OUT AN INDEFENDENT CANDIDATE. All the Tammany candidates for district offices in the Assembly Districts composing the VIIth Senate District have filed protests with the County Clerk ngainst the name of an Independent candidate being placed on the ticket with them. This they can do under ballot law, and their game is a shrewd to prevent at Independent candidate for Senator hav-"show" against George F. Roesch, the Tammany considers. THE VIGOROUS OFFIO CAMPAIGN.

FIGHTING THE PRESIDENTIAL ELECTION OF 1892 IN THE BUCKEYE STATE.

Columbus, Otio, Oct. 17 (Special),-With Major Mc-Kinley speaking to a great meeting in this city tonight and Senator Sherman and ex-Governor Foraker addressing an equally imposing and enthusiastic gathering in Cincinnati, the week's campaigning for the Republican ticket has come to a brillant close. All that stirring and vigorous oratory can do is being done to arouse the majority party in Ohio to a sense of the gravity of next month's election, and to im press firmly upon all voters the fact that the present struggle for the Governorship and the Legislature is not only an important State contest, but enters vitally State's representation in the LIHA Congress and the casting of its electoral vote in 1892. The Presidential election of 1892 is, in fact, being fought out now. Major McKinley, Senator Sherman and ex-Governor Foraker will continue on the stump up to election day, making from six to fourteen speeches a week. and they will be reinforced by Secretary Foster, ex-Speaker Reed, ex-Representative Joseph G. Cannon, General Goff, of West Virginia; General Hastings, of Pennsylvania, and other campaigners of equal reputa-

The meeting here took place in the Park Rink, substantial building excellently adapted for big indoor gatherings, which Columbus owes to the new forgotten craze for roller-skating. The rink holds comfortably about 6,500 people, and probably 7,000 or 8,000 were crowded into it to-night. Though Major McKinley was nominated here and spoke at length on that occa-sion, and though he has been in the city frequently since then, there was still a great public curiosity to see and hear him again, and a rink holding 15,000 people would not have been large enough to contain the multitude of well-wishers who thronged the streets to get a glimpse of him. Before the meeting there was a parade of the Bepublican clubs of Columbus, 3,000 or 4,000 men being in line, and from the Chittenden Hotel to the rink, a distance of half a mile, or more, the Major was escorted in a blaze of red fire. The atmost enthusiasm prevailed throughout the meeting.

Major McKinley arrived here from Springfield before oon, and at 1 p. m. ran down to Canal Winchester, a small town in the southern part of this county, where

Major McKmley took the trouble yesterday to figure out the number of speeches he has made since the out the number of speeches he has made since the beginning of the campaign. He has visited sixty-one counties and made one elaborate speech in each. In many he has spoken twice and in Ashtabula County, among others, three times. All told, he has made ninety speeches so far to fill engagements made by the State Committee. Besides, he spoke three times in Iowa and made two speeches at the Columbus Convention and one more when he returned to Canton after the nomination. By election day he will have passed the hundred mark, a record of hard work the equal of which is not likely to be found in any other political campaign.

DENYING ANOTHER ABSURD STORY. MR. FASSETT NOT OPPOSED TO A NEW ARMORY FOR THE SIXTY-NINTH REGIMENT.

Captain Hugh Coleman, of the 60th Regiment, said yesterday that the statement of Captain J. J. Ryan, of the regiment, as to the hostility of Mr. Fassett to the project to build a new armory for the 60th Regiment was absurd. He said: "I was on a committee appointed by the board of officers of the regiment to go to Albany to have a bill introduced. The committee was composed of Colonel Cavanagh, Captain Tennessee McCarthy, Captain J. J. Ryan, Quarter-master James Ward, Adjutant John Murphy and my-self. I went to Albany before the others and ascertained from the members of the Senate Committee that they thought it would be better to apply for an appropriation after January 1, 1889.

Mr. Passett, Senator Sloan and Senator Stewart, who had charge of the bill, all said that the approprintions had been made up, and that it was too late in the season to do anything then. They said that every Republican Senator would vote for an appropriation for a new armory for the 60th Regiment. otwithstanding the opinion of the Senators, the committee from the regiment appeared before the Senate Committee the following day and spoke upon the mat-

Not one word was ever said by Captain Ryan to the Board of Officers about the un-kind remarks which he says were made to him by Mr. Fassett. And no other officer ever heard anything of an unkind or an unfriendly disposition on the part of Mr. Fassett until this statement of Captain Ryan's ap-peared a few days ago. I have been authorized by Captain Lynch to say that he never has heard anything of the kind which Captain Ryan has said concerning Mr. Fassett's alleged hostility.

CHAPIN'S CERTIFICATE MAY BE FILED. THE ATTORNEY-GENERAL'S DECISION ON QUES-TIONS ARISING FROM THE NOMINATION

OF THE MAYOR FOR CONGRESS. Albany, Oct. 17 .- Attorney-General Tabor to-day gave an opinion in reforence to the regularity of the certificates of nomination of Alfred C. Chapin, who has seen named by the Democrats to fill the vacancy caused by the resignation of David A. Boody from the Hd Congress District, comprising a part of the County of Kings. The vacancy did not arise until too late to permit the filing of nominations for the office within the twenty days' time limit before the date of the election, as required by the Ballot Reform Act. The Attorney-General was requested by Corporation Counsel Jenks, of Brooklyn, to give an opinion on two points: first, whether or not the chairman and secreary of the convention which made the nominati are authorized to make the certificate of nomination required by the law, and whether or not such certificate will be a substantial compliance with the law's require ments; and, secondly, whether or not such certificate, as made, can be lawfully filed in the County Clerk's office of Kings County, there now being less than twenty days intervening before such election is to be

held. The opinion decides both questions in the affirmative The Attorney-General says the failure to file the certificate in this case twenty days before the election was unavoidable. In such cases, he thinks the provision of the law in this respect is so far directory that the certificate may be filed within less than twenty days, providing it is filed at the earliest day twenty days, providing it is filed at the earliest day practicable and in ample time to allow the officers charged with the duty of preparing and printing the saliots to perform that duty within the time required by law. If this were not so, the object of the statute would be defeated in such cases, and a construction which would lead to such a result is not to be favored. If the certificate is in apparent conformity with the act, there does not seem to be any authority conferred upon he County Clerk to reject it when presented for fling, but it must be filed, and all objections to it, if any, must be made and determined in the manner prescribed in Section 13 of the statute.

POR A JOINT DEBATE ON THE WORLD'S FAIR. Although the Democratic managers have raised a cry all over the State, charging the Republicans with diverting the World's Fair from New-York, the people of Hartem are the ones who were most deeply interested in the World's Fair coming to this city, and they have probably kept themselves best informed as to the history of the Fair and the causes which lost it to their section of the city. That the Republicans at Harlem, so far from fearing the closest investigation of the influences which deprived them of the Fair are anxious to have the matter fairly and frankly discussed in public, is seen in the invitations extended by the Hamilton Republican Club to the Harlem Democratic Club, offering to discuss the sub-ject in a public joint debate. This club, in common with all Republicans, denies that the Fair was to New York through Republican interference or indifference, and are anxiously awaiting an oppor

Grady, or any representative Democrat that the Harlem Democratic Club may select. The Harlem Opera House is suggested as a suitable place for holding the debate. GENERAL BUTTERFIELD DECLINES.

ILL HEALTH WILL PREVENT HIM FROM GOING

TO CONGRESS. General Butterfield telegraphed from Cold Spring on Friday to the County Clerk's office that he would on Friday to the County Clerk's office that he would not accept the Republican nomination for Congress in the Xth District. The law required him to inform the County Clerk of his declination. In a letter to the chairman of the Republican Congress Convention of that district, he expresses his utmost regret at not being able to accept, saying that an affection of his throat would prevent him taking part in a public canvass and furthermore, that even should he be elected, what he would have to say in Congress could

not be heard.

The following is his letter:

To the Chairman of the Xth District Republican Con-gressional Convention.

Dear Sir: Returning home to-day from an absence during the week, I find first official notice of the honor conferred upon me by the convention in nominating me for Congress.

during the week, I mad may conferred upon me by the convention in nominating me for Congress.

I am very grateful and appreciative of the compliment and regret that I cannot accept it. I am not a resident of the Kth District. An affection of my throat prevents my taking part in, a public canvass. Until cured I would be unable to be heard in case of election should the necessity arise to represent the interests of the district. But for this I should have been heard from at some of our Republican gatherings before now in support of the ticket.

Under the circumstances in my judgment and that of friends, it is not proper for me to accept. I therefore request my name be withdrawn from the caffwass. I have so telegraphed the New-York County Clerk in accordance with the ballot law at the same time my telegram was sent Mr. Hoag.

Please convey my thanks to the convention and the committee, and believe me very respectfully yours.

DANIEL BUTTERFIELD.
